Experience

Junior Developer

- Developed and implemented new features for web applications using HTML, CSS, and JavaScript.
- Collaborated with senior developers to troubleshoot and resolve technical issues in a timely manner.
- Conducted code reviews and provided feedback to team members to ensure code quality and maintainability.
- Assisted in the migration of legacy systems to modern technology stacks, resulting in improved performance and user experience.

UI / UX Designer

- Designed user-friendly interfaces for web and mobile applications, focusing on intuitive navigation and seamless user experience.
- Collaborated with cross-functional teams to gather requirements, create wireframes, and prototype designs to meet project deadlines.
- Conducted usability testing and gathered user feedback to continuously iterate and improve design solutions.
